Southland Conference Champions: 1997, 1998, 2004, 2005, 2007 NCAA Tournament: 2003, 2007

It all starts at the Center Circle

Every soccer game starts with the ball in the Center Circle. Without that the game can't begin. SFA Soccer is proud to announce the Center Circle Club. This is an opportunity for fans and supporters of SFA Soccer to contribute directly to the success of SFA Soccer. With your support the success of the team can continue to grow.

"We have a wonderful foundation of success here with SFA Soccer. The work of the previous coaches and players at SFA has empowered the current team to reach new heights." says head coach George Van Linder.

The team has a new focus as they enter the 2008 Season- Win Championships. "We certainly don't want to say that we overlook the games, because that isn't the case but our focus is about winning championships. The team is at that level now and we need to continue to grow and one day talk about winning NCAA Championships" states Van Linder.

When fans of the soccer team join

the Center Circle Club every dollar that they donate will go towards the team. It will help give the team that little extra that it needs to continue to stay at the championship level and continue to grow.

Some of those needs are:

Projector: A projector will allow the team to see game clips while on the road and in the locker room and will play a big part in the teams improvement.

Stationary Bike: When players are injured, the stationary bike is great for rehab. Having one at the field allows a player to watch the team train and maintain fitness levels while continuing to heal and minimize the time lost away from the team.

In return Center Circle Club members will be able to watch the games at the tent and enjoy some refreshments while cheering the Ladyjacks on to victory! They will also receive newsletters with the latest news and much more as the club grows.
